“ТЎҒРИ-НОТЎҒРИ”

Талабаларни ўқитища қўлланиладиган шундай ёндашувки, унда талабага берилган битта саволни иккита турли хил томонини таққослашига имкон яратади. Шунингдек, бу метод талабаларга бир хил муаммога турли хил берилган фикрларни кўриб чиқиш ва танлаш хукуқини беради. Ушбу усул мавзуни такомиллаштириш ва кенгроқ ёритишга ёрдам беради.

GAP FILL ACTIVITY

A gap-fill is a practice exercise in which learners have to replace words missing from a text. These words are chosen and removed in order to practise a specific language point. Gap-fill exercises contrast with cloze texts, where words are removed at regular intervals, e.g. every five words.

НУҚТАЛАР ЎРНИГА ҚЎЙИШ

Бу усул асосан талабаларни матн билан ишлаш жараёнида гапларда берилган нуқталар ўрнига керакли сўзларни қўйиш учун ишлатилади. Бу эса тил ўрганувчи учун тушириб қолдирилган сўзларни мукаммал ўрганишлари учун фойдали. Бундай машқлар кўпинча ёпиқ матнларда берилади.

ABOUT MYSELF

First of all, let me introduce myself. My name is Tokhir. I'm seventeen years old. I'm at 10th grade. There are two more kids in the family besides me — my elder brother Olim and my younger sister Maftuna. Olim is twenty-one, he attends a University and he will be a dentist. Maftuna is only twelve, she is a schoolgirl. I forgot to mention one more member of our family. It's our favourite poodle Tim.

My parents are not old at all. My Mum is forty, she works for a newspaper. My Dad is forty-four, he is an engineer in computer company. My parents love their jobs very much. I'm doing quite well at school. My parents are proud of my marks. I go in for sports. I play basket-ball. In summer time I like yachting and windsurfing. I take part in different basket-ball competitions. In a year I shall finish my school and I have to decide what occupation to choose. I have been studying English for seven years. I want to be a military interpreter. My grandparents are already retired. They like gardening and spend all their time growing tomatoes, potatoes, onions, strawberries, raspberries.

Cardinal numbers in English, the formation of complex numbers. The lesson gives information on the rules of reading phone numbers and some arithmetic examples.

There are two classes of numerals in the English language – cardinal and ordinal.

1. Cardinal numbers in the English language could be roughly divided into three groups (according to the word formation).

I. The first group	II. The second group	III. The third group
one – 1	eleven – 11	twenty – 20
two – 2	twelve – 12	twenty-one – 21
three – 3	thirteen – 13	twenty-two – 22
four- 4	fourteen – 14	thirty – 30
five – 5	fifteen – 15	forty – 40
six – 6	sixteen – 16	fifty – 50
seven – 7	seventeen – 17	sixty – 60
eight – 8	eighteen – 18	seventy – 70
nine – 9	nineteen – 19	eighty – 80
ten – 10		ninety – 90

a (one) hundred – 100

a (one) thousand – 1000

2. Numerals ending with the “-teen” suffix usually have two syllables stressed: four’teen’. In fluent speech one of the stresses could be weakened.

3. In order to form such numerals as 31, 65, 95 etc., the number of dozens is said first, and then the number for single-digit numbers.

Examples:

thirty-one

sixty-five

ninety-five

My grandmother is sixty-five.

My salary is thirty-one thousand dollars.

My husband is thirty-one.

Phone numbers in English are read by one digit.

For example:

LESSON 3: OPPOSITES CROSSWORD. POSSESSIVE CASE 'S'

Learning outcomes:

- Participants will learn about possessive case of noun.
- Participants will be informed how to use opposites.

Time: 80 min

Procedure:

The teacher will explain the possessives:

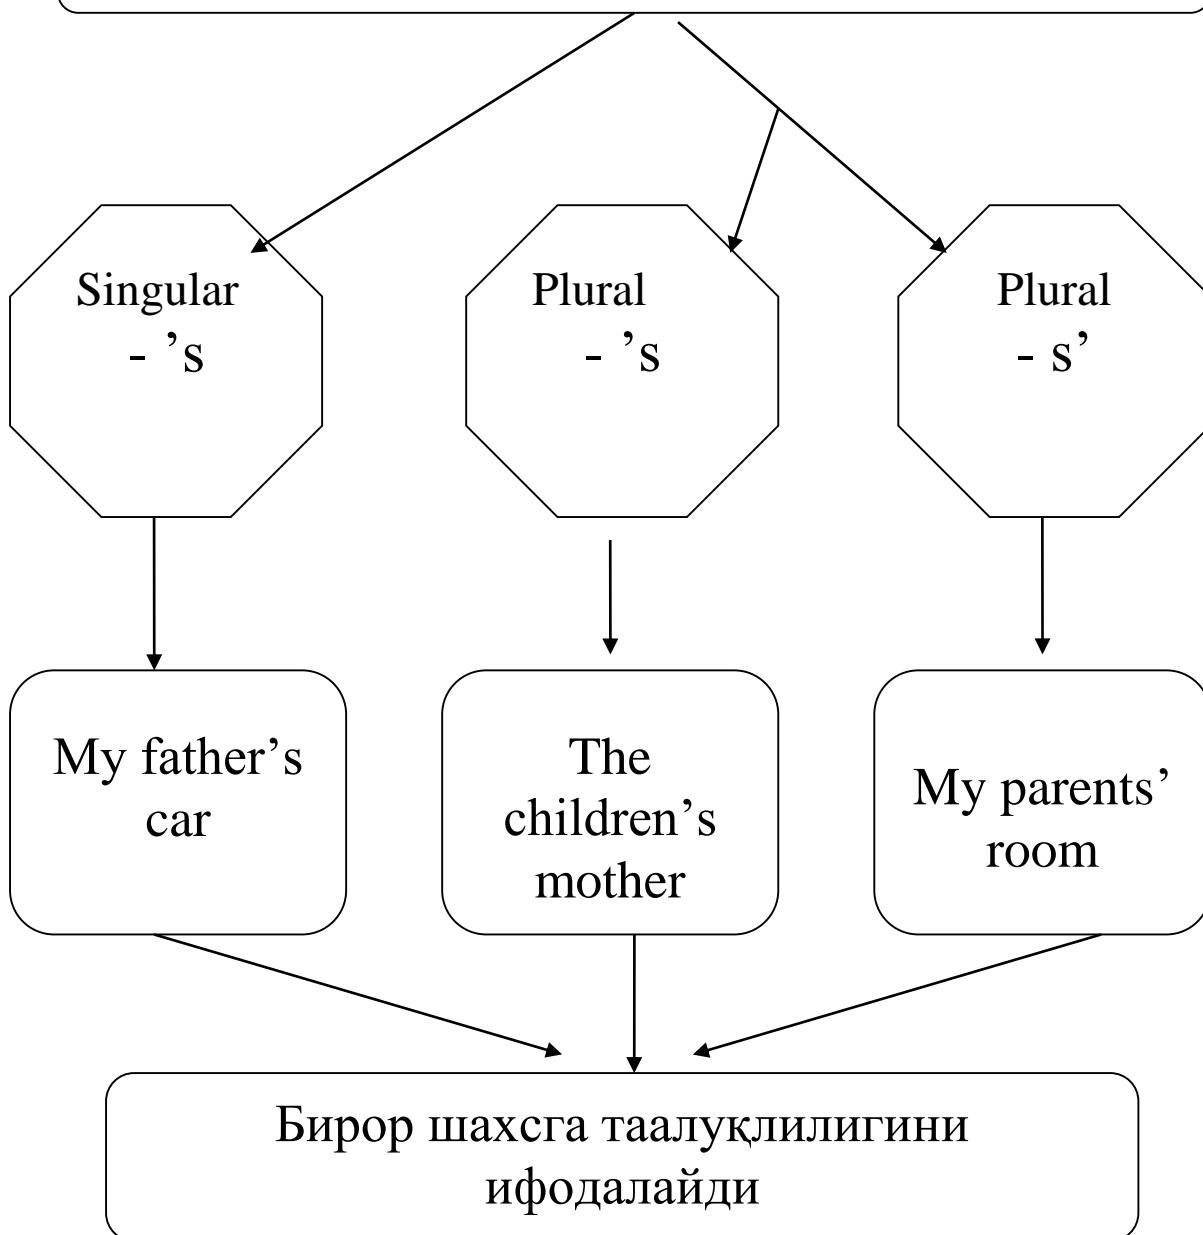

Nouns may take an -'s ("apostrophe s") or GENITIVE MARKER to indicate possession:
the *boy's* pen
a *spider's* web
my *girlfriend's* brother
John's house

If the noun already has an -s ending to mark the plural, then the genitive marker appears only as an apostrophe after the plural form:

the *boys'* pens the *spiders'* webs the *Browns'* house

The genitive marker should not be confused with the 's form of contracted verbs, as in *John's a good boy* (= John *is* a good boy).

Possessive case of nouns

ABOUT MY FAMILY

My family is not very big, just a typical family: Dad, Mom, me, my brother and sister and our cat. My Mummy is forty-one, she is a teacher of Spanish at the University. She is a born teacher. She has teaching

abilities. My Dad is forty-two, he is a professional painter, he works for a design company. My parents both like their work very much.

My elder sister Natasha is nineteen, she goes to the University, and she wants to be a teacher of history. She is fond of reading books on history and fiction. My younger brother Igor is only six years old, he goes to the kindergarten. He is very funny; I like to spend my free time teaching him something. Igor likes to play with our cat. My grandparents are retired. They like gardening. They spend a lot of their time in the garden. They grow vegetables and fruits. We enjoy having fresh vegetables and green on our dinner table. I love my family very much. We always help each other. Everyone in my family is my best friend.

Family and friends

Relatives (= members of your family)

Family background (= family history)

My grandfather was a market gardener in Ireland. He grew flowers, fruit and vegetables, and sold them in the market every day. He worked hard all his life, and when he died, his son (now my uncle) and daughter (my mother) inherited a large house and garden (= received this house and garden from my grandfather when he died). They carried on the business together until my mother met my father. They got married, moved to England, and was born two years later. They didn't have any more children, so I am an only child.

Family names

When you are born, your family gives you a first name, e.g. James, Kate, Sarah and Alex are common first names in Britain. Your family name (also called your surname) is the one that all the family share e.g. Smith, Brown, Jones and O'Neill are common surnames in Britain. Some parents give their children a middle name (like a first name), but you do not usually say this name. Your full name is all the names you have, e.g. Sarah Jane Smith.

Changing times

Society changes and so do families. In some places, people may decide to live together but do not get married. They are not husband and wife, but call each other their partner.

There are also many families in some parts of the world where the child or children live(s) with just their mother or father; these are sometimes called single-parent families.

Friends

We can use a number of adjectives before friend: an old friend (= someone you have known for a long time) a close friend (= a good friend; someone you like and trust), your best friend (= the only friend you feel closest to)

We use the word colleagues to describe the people we work together with.

- Demonstrated mutual respect for one another while cooperating and working in learning group games and activities.

As Benjamin Franklin once said, "Time is Money" ...and this lesson demonstrates the relationship between these two concepts. The need to earn money and spend it wisely is important; however, the

need to have and manage time is even more important. Often, time translates to money, a concept that students need to understand.

In this lesson, students develop an appreciation of time by comparing and contrasting time to money, and understand how to “budget their time” wisely. The lesson concludes with hands-on reinforcement of time management concepts through game play. This lesson will ensure that students realize that “there is a time and place for everything,” but that time, like money, is an important resource to be appreciated and managed.

 - (a) What flies but has no wings?
 - (b) This thing devours all, birds, beasts, trees, flowers, gnaws iron, bites steel, grinds hard stones to meal, slays kings, ruins towns, and beats high mountains down.

Discuss that the answer to both of these riddles is “time.”

Final assessment

V. КЕЙСЛАР БАНКИ

1st case. How to take an interview and bypass competitors? A premiere of the film with participation of a star of Hollywood is being passed in your city. You are the young, vigorous journalist constantly working over yourself. You know several foreign languages and have finished courses on psychology of the person. You work in one very popular publishing magazine. You know that in department where you work, the hidden conflict between employees for the right to interview influential people takes place. One of employees is you. All employees of your organization show identical level of the professional skills, comparable experience and formation. Before your department there is problem, to achieve an audience and to make the interview with the protagonist (leading character) of the film.

In the meantime, employees of other well known magazine had undertaken the attempts of a meeting with a star too. Advantage of this magazine before yours is that the star had already given the interview to this publishing house before. Having made monitoring of interest of your potential respondent, you learnt that both of you have identical preferences in meal, as well as he is fond of riding as you.

After conversation with the editor-in-chief and offers to interview a star you understand that he actually is interested in other journalist.

However, you have all possibilities to convince star to come to you.

Questions and tasks:

1. How will you act in such situation?
2. How do you use language skills and knowledge received on courses?
3. As you are a young woman will you apply the female charm persuading the chief to allow to interview to you?
4. How will you motivate the respondent on conversation with you?
5. How will you eliminate competitors not only from your department, but also from other magazine?
6. Whether the information about celebrity's preferences will help you?

Қиз бу мактубни олгач уйларига бориб бувисига кўрсатди. Синф раҳбари вазиятни юмшатиш учун қизнинг бувисига керакли чора кўришини айтиб тинчлантириди.
